Digital Science Center (DiSC)

Mathematics & Technical Sciences

- » Embodied AI
- » Deep Learning
- » Digitalization in Technology

Natural Sciences

- » Astro- and Particle Physics
- » Bioinformatics
- » Computational Neurosciences, Neural Networks and Human Communication
- » Data Science in Atmosphere Climate Research
- » Digital Pattern Recognition of Dynamic, Multidimensional Processes

Economic and Social Sciences

- » Digital Business
- » Economics and Philosophy of Digitalization
- » Law and Digitization
- » Political Communication & Digital Complexity

Humanities

- » Computational Linguistics - Text Mining and Sentiment Analysis
- » Digital Humanities - Text Modelling and Digital Edition/Archive Science
- » Semantic and Space-Oriented Information Technology in Archaeology
